Aleksandar Dimoski

Creative Video Editor & Computer Science Student | Building Brands Through Short-Form Content

Skopje, Skopje Statistical Region, North Macedonia

Summary

I'm Aleksandar Dimoski, a Short-Form Video Editor based in Macedonia, with 4+ years of experience working with brands and creators locally and internationally. I specialize in creative, brand-driven short-form content, not your typical cut-and-caption editing. I build videos around out-of-the-box visuals, unique animations, and a clear script-to-screen process that ensures every shot serves the final edit. My focus is on making brands look premium, consistent, and impossible to scroll past. I value clear communication, timely delivery, and a collaborative process that brings your creative vision to life. Skills & Tools: Adobe Premiere Pro, Photoshop, After Effects Short-Form Video Editing (Reels, TikTok, YouTube Shorts) Creative Effects & Motion Design Social Media Campaign Management Content Strategy & Scripting Graphic Design (Posts, Stories, Promotional Content) Strong Communication & Project Management
